## Easter Time

Easter, one of the most important holidays in Christianity, celebrates the central event of the Christian faith: the resurrection of Jesus Christ after his crucifixion. This event is significant to Christians because, through his death and resurrection, Jesus suffered for the sins of the world, yet was able to overcome death. Easter is observed on the first Sunday after the full moon that occurs on or after the vernal equinox. According to the Bible, the events of the crucifixion and resurrection occurred during the Jewish Passover, a springtime celebration. Easter is preceded by Lent, a 40-day period of fasting and repentance that begins on Ash Wednesday. The Sunday before Easter is Palm Sunday, the day that Jesus arrived in Jerusalem. The week before Easter is called Holy Week.
