Trivia Whiz

Busy Beavers

Known for their unique ability to adapt their environment to suit them, beavers are fascinating animals.

With powerful jaws and strong teeth, beavers fell trees and use them to build log and mud structures that block streams. These dams turn fields and forests into ponds.

Beaver dams are an important part of the ecosystem, helping slow floodwaters and control erosion.

These semi-aquatic rodents move easily through the water thanks to their stiff, flat tails and webbed feet. Their thick fur is waterproof, and they can hold their breath underwater for up to 15 minutes.

Beavers have orange teeth that never stop growing. They eat bark, roots and leaves from trees, as well as aquatic plants.

New Model Rooms!

We are working hard to spruce up the rooms for rent at Colonial Place. We will be changing out carpet when needed, bedding, curtains, and other furnishings to make this a great home for prospective residents and families!

Employee of the Month

Shirley Weasenforth

Shirley started working for Colonial Place on January 30, 2017. Shirley has been a delight to have as an employee. She always has a smile on her face and greets all staff when she sees them. Her positive attitude is contagious and we should all have her attitude. She is also a very hard worker and has stepped in to cover call offs when needed. Thank you Shirley!

One day on our compass calendar was to bring a flower to a resident day. Helen Shiflett (pictured above) received her flower for the day and loved it. We also had fun on corn flake day in honor of Jennifer Davis. Check out our calendar across from the cafe.

Birthday Dinners

We have started a new tradition at Colonial Place. We are fixing each resident their favorite meal or dessert on their birthday. Jim Jordan and Butch Lamb are pictured above.

Men's Breakfast

The men's breakfast was a success. Richard Seibert, Greg Scott, and Lawrence Hinchman are in the pictures above being served by Joyce Hedrick. Joyce noted that she was not left a tip! Thank you Donnie Rutter for preparing the breakfast and the guys for all their hard work!!
