Our comprehensive approach to nursing rehabilitation care and support services generally includes:

- 24-hour skilled nursing
- Post-hospital and post-surgical care
- Restorative care
- Coordination of physician services
- Pharmacy services
- Assistance with discharge planning
- Family counseling
- Individualized care planning and regular health assessments
- Physical, Occupational and Speech therapies (on-site)
- Therapeutic and specialized dietary services, complete with three nutritious meals
- Choices in social and recreational activities
- Housekeeping and transportation services
- Comfortable private and semi-private accommodations

Staff Assurance of Professional Care

The Residences at Thomas Circle Nursing and Rehabilitative Center is staffed 24-hours a day, seven days a week—with registered nurses, licensed nurses and certified nursing assistants available. Our nursing associates are screened to ensure they possess the skills, qualities and characteristics we feel are essential in a caregiver.
